Keeping up with the Joneses? Why not?
Whether your competitor's name is
Jones or Smith or whatever - don't let
them have the unnecessary advantage

A Swbyp's Green Tip

Save Gas, Reduce Pollution!

Don't let your car idle unnecessarily. It takes less gas to start a car than it takes to let it idle. Idling for more than 1 minute is less fuel-efficient than restarting the car.

Tell them you shop at

Swbyp's

Keeping up with the Joneses? Why not?
Whether your competitor's name is
Jones or Smith or whatever - don't let
them have the unnecessary advantage
of a larger ad in Swbyp's, the
Southwestern Bell Yellow Pages.
Compete with them on the street and
in the Book...take out a larger ad
and tell more about you!

A Swbyp's Green Tip

Keep Ground Water Safe
For Drinking...Rinse latex paint out of
brushes in the sink, not
outside where it can seep
into ground water. If you
wash up in the sink, the
waste will go to a treatment
facility.

City of Tuttle

Post Office Box 10 / 301 West Main Street / Tuttle, Oklahoma 73089-0010

February 5, 1997

Mr. William F. Caton
Secretary
Federal Communication Commission
1919 M Street, N. W. Room 222
Washington, D.C. 20554

RE: Proposed FM Radio Station In Tuttle, OK

Dear Mr. Caton,

It is my understanding that Mr. Ralph Tyler is proposing to locate an FM Radio Station in Tuttle. As City Manager of Tuttle, I fervently support locating an FM radio station in our flourishing community.

Tuttle incorporated as a City in 1905 and operates as a Statutory Council-Manager form of city government, in accordance with Oklahoma State Statutes. We are a Charter City with a City Council containing five Council Members, elected to four year terms of office. Our Mayor the Honorable James Cobble, is elected to office by a majority vote of the City Council; he has served as Mayor for over three years. The City Council appoints the City Manager, who serves as Chief Executive Officer and Administrative Head of City Government.

The City of Tuttle is a totally self-sufficient community, providing a wide area of city and municipal services to its 3700 citizens and 38.4 square mile service area. The City has a full time Public Works Department that operates water, sewer, and gas services, street construction and maintenance, as well as contract sanitation services. We are proud of the City's full time Police Department, Emergency Medical Services Department and Volunteer Fire Department with a full time Fire Chief on staff. The Tuttle Municipal Court is under the authority of Judge Alan Brinkley who is contracted by the City Council. Tuttle has one of the finest School Systems in the state which attracts new residents to our community. In addition, Tuttle is the home of Braum's Dairy which employs five to six hundred people. The dairy milks approximately nine thousand cows and is the most modern Ice Cream Plant in the world.

Tuttle is undergoing some State Highway construction which expands highway 37 from a two lane highway to a five lane highway, providing for a larger volume of traffic as well as a safe travel. Local businesses include two Home Health Care Facilities, two Medical Clinics, two local Banks, grocery stores, restaurants, nursing home, a chiropractor and several other businesses. Southwestern Bell Telephone provides our telecommunication services, including a phone directory and yellow pages, and the Tuttle Times provides local newspaper coverage.

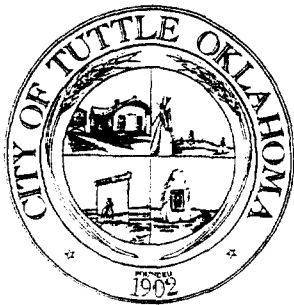

Tuttle has surfaced as one of the leading growth communities in the Southwest area. Tuttle is a strong community, our citizens pride themselves on being residents of Tuttle.

An FM radio station would be a great asset to our community.

Sincerely,

A handwritten signature in cursive script, appearing to read "Joe Daugherty", with a long horizontal flourish extending to the right.

Joe Daugherty
City Manager

City of Tuttle

Post Office Box 10 / 301 West Main Street / Tuttle, Oklahoma 73089-0010

Mr. William F. Caton
Secretary
Federal Communication Commission
1919 M Street, N.W. Room 222
Washington, D.C. 20554

Ref: Proposed FM Radio Station in Tuttle, OK.

Dear Mr. Caton,

The City of Tuttle is a rapidly growing community that is situated twenty-five miles southwest of Oklahoma City, and within a twelve mile radius of the communities of Newcastle, Mustang, Minco, Amber, and Bridgecreek. Our city manager/council form of government is established by law. The Council hires the City Manager and City Treasurer, and the City Manager hires and supervises all other city employees. All Councilmembers are elected for four year terms.

Tuttle has its own budget and yearly audits. We have the following departments and/or boards within our city government:

1. Full-time police department.
2. Volunteer fire department with a full-time fire chief.
3. Public works authority which includes streets, water, and sewer system.
4. Vehicle maintenance.
5. Parks board.
6. Planning commission.
7. Board of adjustment.
8. Municipal judge.
9. Municipal court
10. City attorney.

In addition, we have a very active Chamber of Commerce which coordinates the local Fourth of July Ice Cream Festival and downtown Christmas lighting. New businesses and residences are being built at a record pace. We worked hand and hand with our building contractors to develop new subdivision codes that would promote growth in our community.

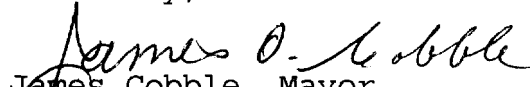

The City of Tuttle has just recently applied for matching funds to build a million gallon water storage facility with a twelve inch main running the eight mile length of our city limits along highway thirty-seven. Highway thirty-seven is presently being

widened to a five lane highway from Tuttle to the Newcastle Tri-City area. Also, the Oklahoma Department of Transportation has approved plans for a highway and bridge connecting Tuttle and Mustang which we may see construction as early as 1999. In addition, we have plans of building a satellite police/fire/ems facility to accommodate for the growth in population east of our city.

As you can see the future looks very bright here in Tuttle and I feel that any future business prospects will be just as bright. We, as a progressive council, encourage all businesses to come and grow with us.

I encourage you and the Commission to approve the application of Mr. Ralph Tyler's proposed FM Radio Station in Tuttle, Oklahoma.

Sincerely,

James Cobble, Mayor
City of Tuttle
P.O. Box 10

Re: Proposed FM Radio Station in Tuttle, Oklahoma

Dear Secretary Caton:

The City of Tuttle is experiencing a substantial growth pattern at this time and which has been predicated to continue for several years. We are situated southwest of Oklahoma City and have the communities of Newcastle, Mustang, Minco, Amber and Bridgecreek within a twelve mile radius. The corporate limits of Tuttle are approximately forty square miles at this time and plans for additional annexation in the near future.

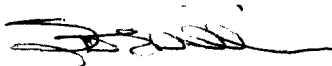

State Highway 37 is currently being widened from a two lane to five lane highway from the county line west to the downtown area of Tuttle. In addition, a bridge across the Canadian River is scheduled to begin construction in December of 1997 and will link the City of Tuttle with the City of Mustang. Several other projects are being planned such as the building of a police and fire department sub-station on the East side of town, construction of a million gallon water storage tank, expansion of the city water system and natural gas system, and other capital improvements. These are just a few of the expansion currently and planned for the near future.

The Tuttle Police Department currently has to submit news information to Tuttle Times Newspaper, Newcastle Pacer and the Early Bird which are weekly publications. In addition, we will submit news releases to the Chickasha Star and the Chickasha Express which are daily publications, but are not read as sincerely as the Tuttle Times. This definitely leaves a blank in the release of urgent news releases and assistance from the public in connection to crimes and citizen safety bulletins.

I will strongly support the proposed FM Radio Station in the City of Tuttle, Oklahoma. I believe that it will be a benefit to not only this department in releasing information to the public in a timely fashion, but also benefit the businesses, civic organizations, schools, and the citizens of this area. I believe that this FM Radio Station will be well supported by everyone in this area.

I want to thank you for your time in reading this letter of support and would respectfully request that you and your staff eagerly review and approve this proposal. If you have any questions, please do not hesitate to contact me at (405) 381-4467.

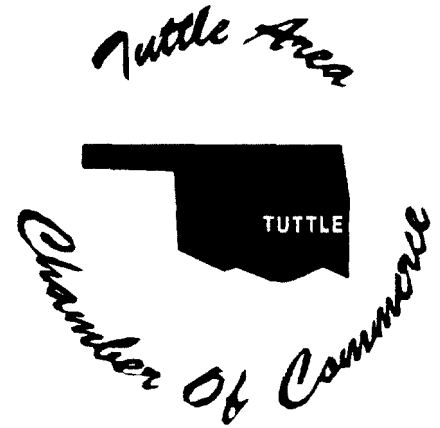

Respectfully,

A handwritten signature in black ink, appearing to read 'Steven T. Williams', with a long horizontal flourish extending to the right.

Steven T. Williams
Chief of Police

STW/stw.

Tuttle Area Chamber of Commerce
P.O. Box 673
Tuttle, Oklahoma 73089
Telephone (405) 381-4600

February 5, 1997

Mr. William T. Canton, Secretary
Federal Communication Commission
1919 M Street, N.W. Room 222
Washington, D.C. 20554

Dear Mr. Caton:

As president of The Tuttle Area Chamber of Commerce, I strongly recommend approval of the proposal of Ralph H. Tyler to establish an FM radio station in Tuttle, Oklahoma.

Tuttle is one of the fastest growing areas in all of Oklahoma. Being a small, predominately rural community, we are seeing a steady growth in both business and residential population. Subdivisions are growing at a fast rate along with our enrollment in our schools. Occupied rental properties have waiting lists. There are no downtown business vacancies. The Tuttle area has over 140 businesses. Most of these are small self owned businesses with less than 10 employees. The largest employers are the Tuttle School System with 134 employees and the local Braums dairy having 500 to 600 employees.

As a farming community, the impact of a radio station could be an additional catalyst for economic development and for community relations. Our community has one weekly newspaper and we need a daily communications tool. This would be an ideal enhancement.

The impact would be of great significance to our business and community environment. It would also add to the quality of life. These are our goals for our community as we go into the 20th century.

I encourage support for the Tyler proposal.

Misti Paxton, President
Tuttle Area Chamber of Commerce

Mr. William F. Caton
Secretary
Federal Communication Commission
1919 M Street,N.W. rm 222
Washington,DC 20554

Mr. Caton,

The city of Tuttle,OK is on the move!! As a local business owner in the Tuttle community, we would encourage you to approve the application by Ralph Tyler for a radio station in Tuttle. I know that this station would give my pharmacy one more tool to let the citizens of our area know how much we want to be their health care provider. We have found that a direct marketing approach to our services has been the best source of advertising and this station would allow me to be more direct and pointed to every citizen of the Tuttle area and not waste dollars on people who might never come into my store.

As past vice-president and present Board of Directors member of our local Chamber of Commerce we have been constantly looking for more opportunities to feature Tuttle to our neighbors around us and this station would give us this opportunity. We started our own ice cream festival and it has become a growing annual event featured in publications statewide and nationwide. Please help us in our effort by allowing more and more people to find out the exciting things happening in our town.

Sincerely,

A handwritten signature in black ink, appearing to read "L. Kent Hinds R.P.H.", written in a cursive style.

L. Kent Hinds R.P.H.

Mr. William F. Caton
Secretary
Federal Communication Commission
1919 M. Street, N.W. Rm 222
Washington, D.C. 20554

Mr. Caton,

Tuttle, Oklahoma is rapidly expanding. Many people are choosing to move to a rural area for a more home-town atmosphere. Our town of Tuttle has much to offer in the way of businesses, schools, churches, health care, and local government. I believe that having a radio station in our town would increase community involvement. However, as a strong Christian community, a morally sound format would be important.

The people of Tuttle and surrounding areas deserve the opportunity that a radio station would bring.

Sincerely,

Jamie R. Huff

Mr. William F Caton
Secretary Federal Communication Commission
1919 M Street, NW Room 222
Washington D.C. 20554

Dear Mr. Caton:

As a citizen of Tuttle, Oklahoma I feel a local radio station can be an asset as well as have a tremendous impact on our community.

Tuttle is a rapidly growing community and benefit from several different entities such as: local government, schools, fire & police protection, churches, health care, etc.

Although the format of a station has not yet been established, I would like to express my concerns about this. I feel that a morally influenced format would serve our community best.

Taking all these things into consideration, I know Tuttle would deeply benefit from a local radio station.

Thank you for your time.

Sincerely,

Anita Kay Scott
